Gila Health
RESOURCES

A Culture of Caring

What is a "Well-Exam" and Why is it Important?

Your medical insurance normally covers 100% of the cost of an annual
"Well-Child", "Well-Woman", or "Well-Man" exam with no deductible
and no co-pay. What is a "Well-Exam" and what are the benefits?

For Women and Men -

- Recommendations for routine, preventive, age-appropriate, cancer screening.
- Early detection of other diseases to help prevent premature morbidity and mortality from chronic disease.
- Counseling.

For Children and Adolescents -

- Tracking your child's physical, cognitive, emotional, and social growth and development.
- Taking time to focus on prevention. Preventable injuries and preventable illnesses are the most common causes of harm to a child.
- Reviewing and updating your child's immunizations to help protect against infectious diseases.
- Physical examination and screening tests to help rule out health issues.
- Helping with adolescent development issues.

Our Morenci and Bagdad Medical Center Family Medicine clinicians offer both "In-Person" and (virtual)
"Tele-Health" Annual Well-Exams for adults and children of all ages.
